CARETREAT BIO-GTC-P

Powder biotreatment component for grease breakdown in greasetraps and drains

- Specialized in Grease Digestion
- Environmentally friendly
- Prevents Clogging and Deposits
- For use in Drain Lines and Grease Traps

DESCRIPTION

Caretreat BIO-GTC-P offers environmentally sustainable, highly effective and long-lasting treatment of grease tanks and is powered by the various processes, which combines selected strains of micro-organisms that work in synergy. Protected by biofixation these microorganisms activate in warm water, targeting and digesting grease. Effective even when antibiotic concentrations are high and during seasonal variations.

Caretreat BIO-GTC-P is ideal for restaurants, community kitchens, cafeterias, etc. The products micro-organisms enrich natural flora and allow good flora to develop. Lessens grease and limits the formation of foul-smelling gases, such as H₂S. Eliminates bad odors, prevents clogging and reduces cleaning frequency. Helps the absorption of grease upstream and downstream to the water treatment plant. Because it is so efficient, it is perfect for treating large capacity grease tanks.

DIRECTIONS FOR USE

Product **MUST BE** diluted.

Do not use bactericides 2 hours before and 2 hours after dosage.

1. Dilute the recommended dose in a bucket of lukewarm water (20—30 °C)
2. Let stand for 60 minutes
3. Stir well
4. Pour into drain furthest from the facility

GREASE TRAPS

DRAIN LINES

INITIAL START-UP DOSAGE

Note: do not use biocidal sanitizers as they will kill the bacteria culture.

2000 to 4000 meals/day

Add 600 mL each day Caretreat BIO-GTC-L + 3 kg of Caretreat GTC-P + 2.5kg Caretreat Bio-Activator-GTP

4000 to 8000 meals/day

1200 mL each day Caretreat BIO-GTC-L + 6 kg of Caretreat GTC-P + 5kg Caretreat Bio-Activator-GTP

8000 to 12000 meals/day

1800 mL each day Caretreat BIO-GTC-L + 9 kg of Caretreat GTC-P + 7.5kg Caretreat Bio-Activator-GTP

12000 to 16000 meals/day

2400 mL each day Caretreat BIO-GTC-L + 12 kg of Caretreat GTC-P + 10kg Caretreat Bio-Activator-GTP

MAINTENANCE DOSAGE

2000 to 4000 meals/day

600 mL each day + 3 kg of Caretreat GTC-P each month

4000 to 8000 meals/day

1200 mL each day + 6 kg of Caretreat GTC-P each month

8000 to 12000 meals/day

1800 mL each day + 9 kg of Caretreat GTC-P each month

12000 to 16000 meals/day

2400 mL each day + 12 kg of Caretreat GTC-P each month

We strongly advise starting a grease trap biotreatment after a conventional cleaning, to remove any problem residue. For application to an operating grease trap, we recommend breaking the surface crust beforehand so that the product is properly in contact with the effluent. For optimum results treatment of Caretreat BIO-GTC-P is used in conjunction with Caretreat Bio-Activator-GTP and Caretreat BIO-GTC-L

PERFORMANCES

CARETREAT BIO- GTC-P

- Specialized in Grease Digestion
- ECO friendly
- Prevents Clogging and Deposits
- For use in Drain Lines and Grease Traps

DOSAGE

See Direction for use.

PROPERTIES

Article number	14723
pH	6.5 - 7.5
Physical State	Grey Powder
Flashpoint	Not applicable
Packaging	25 kg bucket
Storage conditions	Dry, > 5 °C < 40 °C

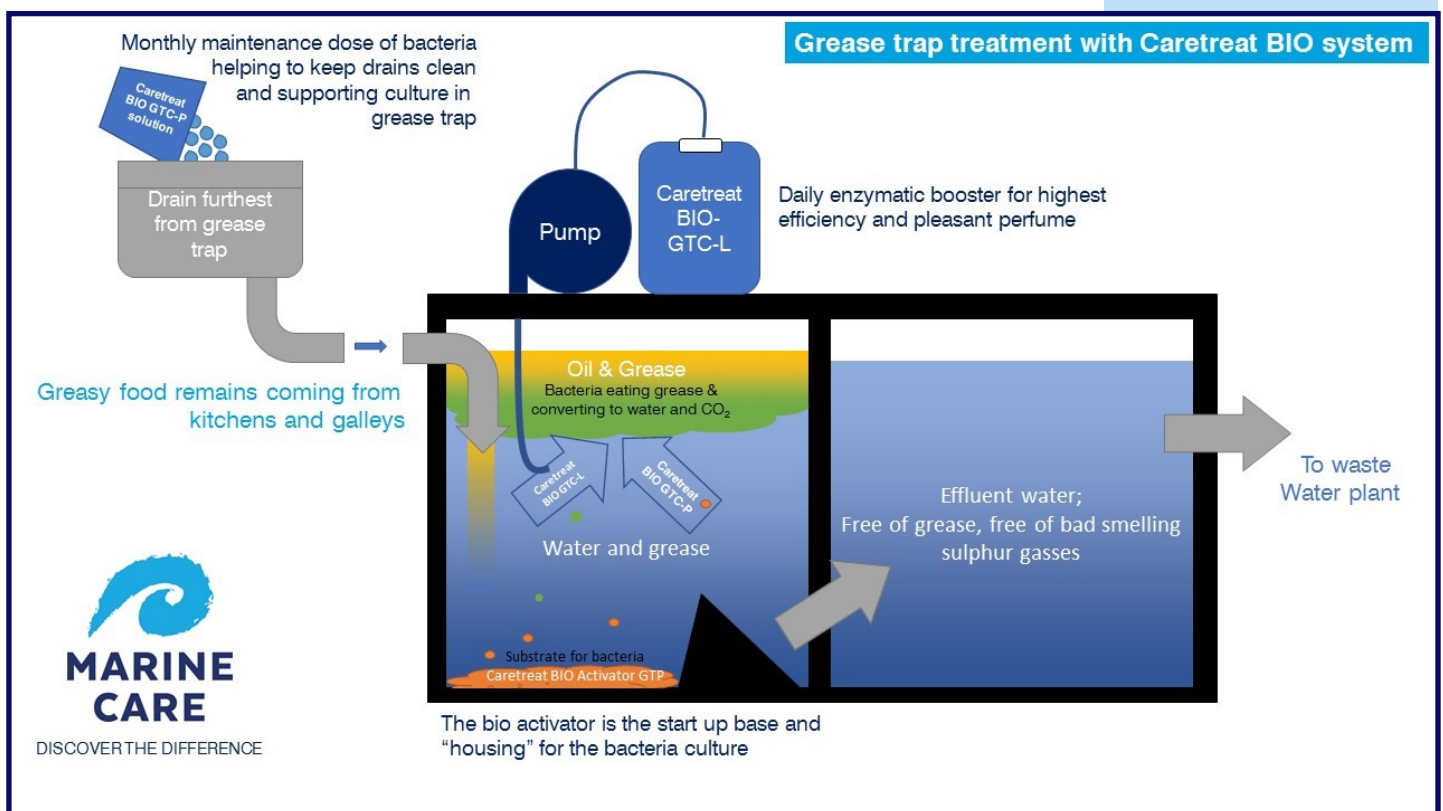

For detailed information on safety and health, please refer to the Material Safety Data Sheet MSDS and/or product label.
